# SEMINAR PARENT NOTIFICATION

---

## 2007-2008

Dear Parent or Guardian,

Your child is a student in our Seminar class this semester. Our goal as seminar teachers is to help students who have failed classes in the past find more success; however, your child is currently failing at least one class.

Every three weeks, we send out an Academic Distress Signal to the teacher(s) of the class(es) that your child is failing. That teacher then provides suggestion on how the student can raise his or her grade. We have included copies of these Academic Distress Signals and given your child the handouts the teachers have provided in the hope that we can work together to encourage the student to follow the suggestions.

Daily, we ask the students to record the specific assignments that are assigned in each class in their planners. Our hope is that once we identify the work and its due dates, the students will be more likely to complete the work and turn it in on time. We ask that students bring work each day to Seminar to make the best use of this opportunity. Please encourage your child to use his or her planner and bring work each day.

We encourage you to check your child's grade via Parent Connect on the BHS website.

Thank you for your time,
